

Project Manager

Schiedel Construction Incorporated has been building Industrial, Commercial, and Institutional facilities across south-western Ontario for more than 65 years. Primarily utilizing a design-build delivery method, we take pride in nurturing a trusting relationship with our clients for their current and future needs. Due to continuous growth and improvement, we are currently seeking an experienced Project Manager to join our team.

As a Project Manager, you will be responsible for the overall direction, coordination, and administration of construction projects from the design, estimating and sales stages, through to pre-construction planning, build management, and project completion. Projects are typically in the 100k to 5 million dollar range, and all must be delivered within scope, budget, and requirements while maintaining a high degree of client service satisfaction.

The ideal candidate will have 5+ years experience as a project manager in the ICI sector, and will possess strong people and leadership skills. A college diploma in architectural, construction, or engineering technology, or equivalent work experience is also required.

Qualified applicants are encouraged to submit their resume in confidence to efreeman@schiedelconst.com. Please also include a list of recently completed projects.
